# StaySAFE Sanitizer

## Sanitiser and Cleaning Products

### StaySAFE Hand Sanitiser

**25L : R 1,495.00      5L : R 350,00**

Contains 70% alcohol as required by law.  
Quick drying, waterless and is NON-IRRITANT and NON-STICKY  
Easy to use, 5ml in the palm of the hand is all that is needed  
for effective sanitizing of hands.  
DO NOT rinse hands with water after use.  
Use as often as required, will not leave hands burning, dry  
or cracked.

### Anti Bacterial Hand Soap

**25L : R 720.00      5L : R 165,00**

Is a mild liquid hand soap with a pleasant perfume  
Contains skin conditioners leaving skin soft and supple  
Has been designed for use in dispensing through most  
standard soap-dispensers.  
Apply a small quantity of the liquid to hands, add water  
and lather well and rinse with water.

### Anti bacterial surface spray

**25L : R 720.00      5L : R 165,00**

Non-perfumed surface cleaner for sanitizing, cleaning  
and odour control.  
Product is NON-TOXIC and might be mildly irritating if hands  
are not rinsed after use. Tests show NO dermal toxicity and  
MFR lists NON-TOXIC for oral toxicity.  
Inhalation is an extremely unlikely exposure.  
Can be used in Hospitals, Restaurants, Deli's, Bakeries, etc.

### Dishwashing Liquid

**25L : R 720.00      5L : R 165,00**

A few drops in extremely hot (or cold) water produces long  
lasting, grease cutting agents.  
Pure lotion ingredients remain active as long as there are suds  
in the sink.  
Leaves hands soft and will protect against skin cracking or splitting  
open.  
Completely bio-degradable.
